

ECONOMIC **SIMPLIFIED** FUEL STORAGE

250-1,000 gallons

Designed to **maximize efficiency**

On Site Equipment Fueling
On Demand Fuel Supply
Stand-by Power
Construction Sites

The **FUEL**CUBE is a double-walled, compact fuel tank that is designed to provide on-demand fuel supply environmentally and efficiently. Once in place, the **FUEL**CUBE can directly connect to one diesel-powered machine, while dispensing fuel by pump.

- 1 Lockable ENVIROconnect Cabinet**
Equipment & ports are secure and spills are contained. Secure hose access enables fueling while cabinet is locked.
- 2 Double walled, 110% containment**
Built-in, weather proof secondary containment eliminates the need for pans or basins!
- 3 Internal Baffles**
Designed to maximize stability when handling the tank full of fuel.
- 4 Two Way Forklift Pockets**
Quick and easy maneuvering and mobility.
- 5 Removable Inner Tank**
For routine cleaning, maintenance and inspection.
- 6 Stackable Corner Brackets**
Brackets at each corner of the tank allow stacking 2 high (when empty).
