

TFC-500DW-D | 500-gallon Diesel Fuel Trailer

This package includes a 500-gallon double-wall tank with a carbon steel primary tank and internal baffles. The outer containment is made of mild steel with a powder-coated finish. It's mounted on a 7K GVW double-axle steel trailer, DOT-approved for diesel fuel, and can be towed on public roads when full.

STANDARD FEATURES

- Tank level gauge, leak gauge, lockable vented fill cap, emergency vent
- Steel baffles to prevent fuel sloshing
- Powder coat paint with base coat primer
- Electric brakes and breakaway kit
- Heavy duty tongue jack and safety chains
- Ball valve installed to isolate the tank
